

SHELL FENELLA[®] OIL DSV 100

Moderate duty vanishing lubricant

Product Description

Shell Fenella Oil DSV 100 is a moderate-duty vanishing lubricant designed for those applications wherein minimal oil film is permissible. Shell Fenella Oil DSV 100 films will evaporate leaving a thin oil film that possesses excellent lubricity properties. Shell Fenella Oil DSV 100 should be used in stamping operations to keep the tools cool and prevent wear.

Applications

- moderate duty drawing and stamping operations
- applied straight by spraying, dipping, brushing, flooding or roller coating methods

Caution should be taken when sprayed to not exceed the permissible exposure limits to oil mist.

Features and Benefits

- helps to reduce tool wear and give good part finish
- low odor
- high flash point reduces risk of fire
- low residue results in safer part handling

Typical Properties of Shell Fenella Oil DSV 100

	Test Method	
Product Code (drums)		5064215
Product Code (bulk)		5064238
Appearance	Visual	Clear yellow liquid
Flash Point		145°F

Caution

Product contains solvent. Use mechanical ventilation and guard against open flames or other ignition sources.
