

## **TYPE F AUTOMATIC TRANSMISSION FLUID**

### **PRODUCT DESCRIPTION**

FormulaShell® TYPE F AUTOMATIC TRANSMISSION FLUID is specially formulated for automatic transmissions and power steering units where a Ford Type F or M2C33-F fluid is recommended. Type F fluids are typically recommended for Ford automatic transmissions built prior to the 1977 model year as well as many 1977 through 1980 models.

FormulaShell® TYPE F AUTOMATIC TRANSMISSION FLUID is made from select, highly refined base stocks and compounded with additives to enhance oxidation and thermal stability, friction control, cleanliness, load carrying ability, corrosion and wear protection, and low foam tendency.
